

# DISCOVER THE FUTURE OF CAREER & TECHNICAL EDUCATION

## EXPLORE WHAT'S INSIDE THE XCELERATE CTE COLLECTION

Get a sneak peek into the powerful tools and immersive learning experiences that await inside the Xcelerate Career & Technical Education (CTE) Collection. Designed for educators and learners alike, our platform offers a rich library of real-world, skills-based content that prepares students for thriving careers across diverse industries.

From virtual job shadowing and industry-specific training modules to soft skills development and hands-on vocational simulations, this brochure highlights what's available once you subscribe. See how our content transforms classrooms, empowers learners, and bridges the gap between education and career readiness.

## OUR CTE COLLECTIONS

### CAREER EXPLORATION

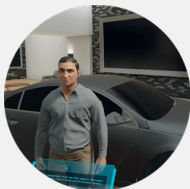

Spark career interest and inform student decisions through virtual job shadowing and role insight in the Career Exploration library.

These experiences allow students to virtually explore different professions, aiding in informed career decisions.

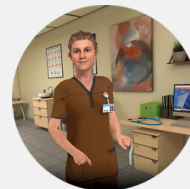

#### Administrative Assistant

Tracks: 1  
Learning Modules: 1

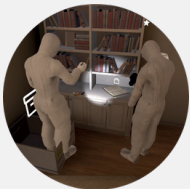

#### Car Salesperson

Tracks: 1  
Learning Modules: 1

#### Certified Nursing Assistant

Tracks: 1  
Learning Modules: 3

#### Crime Scene Investigation

Tracks: 1  
Learning Modules: 1

#### Executive Chef

Tracks: 1  
Learning Modules: 1

#### Job Shadows VR

Tracks: 36

#### Patient Care Dialysis Technician

Tracks: 1  
Learning Modules: 6

## CAREER READINESS

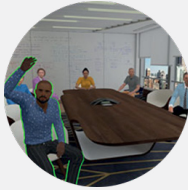

Develop essential soft skills with scenario-based learning library in our Career Readiness section

These modules utilise AI-driven simulations to build communication, teamwork and leadership skills in a safe, virtual environment.

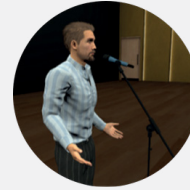

### Job Preparation Interview

Tracks: 1  
Learning Modules: 1

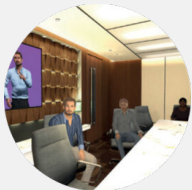

### Presentation Rooms

Tracks: 1  
Learning Modules: 1

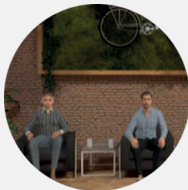

### Public Speaking Mastery

Tracks: 1  
Learning Modules: 3

### Role Play Studio

Tracks: 1  
Learning Modules: 1

### Sales Pitch & Closing

Tracks: 1  
Learning Modules: 1

## VOCATIONAL PATHWAYS

Provide hands-on simulations of job-specific technical skills in high-demand industries in our Vocational Pathways library.

These immersive simulations help students build the technical proficiency needed to succeed in real-world environments, all within the safety of the classroom.

### Certified Nursing Assistant

Tracks: 1  
Learning Modules: 3

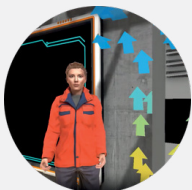

### Drones

Tracks: 1  
Learning Modules: 1

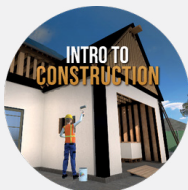

### Executive Chef

Tracks: 1  
Learning Modules: 1

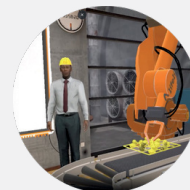

### HVAC Technician

Tracks: 1  
Learning Modules: 1

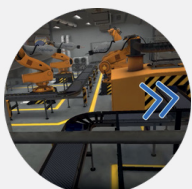

### Intro to Construction

Tracks: 1  
Learning Modules: 7

### Math for the Workplace

Tracks: 1  
Learning Modules: 1

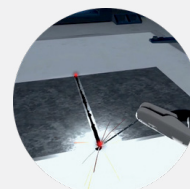

### Mechanics at Work

Tracks: 1  
Learning Modules: 2

### Patient Care Dialysis Technician

Tracks: 1  
Learning Modules: 6

### Welding

Tracks: 1  
Learning Modules: 1
